Docs Tools	Description	Symbol	User Notes
Text to Speech	Reads text aloud with dual color highlighting using natural-sounding male and female voices.		Place your cursor (or highlight) where you wish the text to be spoken. Click the Play button to hear it read aloud.
Talking Dictionary	Provides definitions which can be speech enabled to improve comprehension and writing.		Highlight a word to look up in the dictionary and click on this icon. Click on the Play button next to the definition to have it read aloud.
Picture Dictionary	Displays images from Widgit® Symbols for selected words to help support fluency & understanding.		Click on the Picture Dictionary icon and then select a word or vice versa. An image of the word will be displayed.
Word Prediction	Predicts the word being typed and the next word to be typed. Develops writing skills and helps construct sentences easily.		Click icon to open or close prediction window. As you type, words will be predicted. Hover over word to hear aloud. Click on word or press ctrl + the number next to the word you would like to insert.
Fact Finder	Helps users to research information quickly by searching the web for relevant information about a topic.		Highlight a word or phrase, then click the Fact Finder icon to do a quick Google web search to find background info while reading.
Translator	Allows single words to be translated into Spanish, French or Portuguese and spoken in that language.		Click this button to open the translator, and select a word to have it translated or vice versa. Select language in Settings.
Highlighters	Users can highlight and extract text to a new Google document. These tools facilitate summarizing, categorizing and higher order skills.		Highlight the word or text desired and then choose color by clicking on corresponding highlight color icon.

Docs Tools	Description	Symbol	User Notes
Collect and Clear Highlights	Extract highlighted information made on Google documents. When finished, clear by selecting highlights and clicking broom icon.		Highlight information to be collected. Click on circular arrow icon to collect by color or position in document. All will open in a new Google doc.
Vocabulary List Builder	Builds vocabulary lists by highlighting words in a Google document. A new Google doc will be created with the words, dictionary definitions, and images from Widgit Symbols.		Select words in a Google doc desired for a Vocabulary List by highlighting words with any of 4 colors. Click on this icon to create your List in a new Google doc. Lists become study guides or reinforce instructional routines for ELL, RTI, SPED, and others.
Settings	Customize speech options, toolbar layout, language settings and word prediction display.		Choose from the Speech, Prediction, Language or Features tabs on the left of the Settings window to adjust the desired settings.
Speech Input	Turns the spoken word into text in a Google Doc.		To have speech typed on a Google Doc, click on the icon, and speak clearly and distinctly into microphone. Click icon again to turn off.
Voice Notes	Records a short audio file (one minute or less) of your voice, and inserts it into a Google Doc as a comment.		Highlight the text where voice note will be inserted. Click voice note icon, and then click on microphone at top of screen to record. Click stop when finished and insert.
Screenshot Reader	Allows for inaccessible text to run through OCR for reading aloud on demand.		Click this button and drag the mouse drawing a box around any inaccessible text. A play button in lower right-hand corner will allow for replay without redrawing box.
Speech Maker	Converts selected text into an audio file, e.g. MP3, which will be automatically downloaded and can then be saved or shared in Google Drive.		Select some text and then click this icon to convert it to an MP3. A small progress bar under the Speech Maker icon shows the conversion progress.
Help	Click this button to access help using the software.		Basic FAQ information on installation, setup and functions is found here.

PDF and ePUB

PDF Tools	Description	Symbol	User Notes
Text to Speech	Reads text aloud with dual color highlighting using natural-sounding male and female voices.		Highlight text you wish to be spoken. Click this Play button to hear it read aloud.
Click and Speak	Reads text on command with clicking on line of text to be read without highlighting.		Click on the icon and a red background will illuminate indicating you may click on an area of text you wish to have read.
Word Prediction	Predicts the word being typed and the next word to be typed inside of Typewriter Annotations.		When typing in a Typewriter Annotation, click this icon and a red background will illuminate indicating Word Prediction is on. As you type, words will be predicted. Hover over words to hear them aloud.
Speech Input	Turns spoken word into text inside of Typewriter Annotations.		When typing in a Typewriter Annotation, click this icon below the annotation, and then speak clearly and distinctly into your microphone. Click icon again to turn off.
Study Skills Enable/ Disable	This menu appears when text and the icon to the right are selected.		Click on the icon of the pen and square speech bubble and the menu of dictionary, fact finder, translator, picture dictionary, and 4 highlighter colors appears. When this icon has an X in the square speech box, this menu will not appear.
Bookmark *ePub only	This icon will allow you to mark the place you last left off or any places to which you wish to refer later.		Click this icon to add a bookmark to places for later referral. The bookmark itself contains a place to note where you left off and can be erased by clicking on icon.
Talking Dictionary	Provides definitions to improve comprehension and support the user's writing.		Highlight a word to look up in the dictionary and click on this icon. Click on picture of the speaker to have definition read aloud.
Fact Finder	Helps users to research information quickly by searching the web for relevant information about a topic.		Highlight a word or phrase, then click the Fact Finder icon to do a quick Google web search to find background info while reading.

PDF and ePUB

PDF Tools	Description	Symbol	User Notes
Translator	Allows single words to be translated into Spanish, French or Portuguese. All translations can be spoken.		Click this button to open the translator, and select a word to have it translated or vice versa. Select language in Settings.
Picture Dictionary	Displays images from Widgit® Symbols for selected words supporting fluency & understanding.		Click on the Picture Dictionary icon and then select a word or vice versa. An image of the word will be displayed.
Push Pin Annotation	Make a note or add directions, all in 500 characters or less that can be accessed by clicking on the push pin when ready.		Once you click on the icon, the X will disappear indicating you have a push pin to be placed on your document.
Typewriter Annotation *PDF & Kes only	Add information, notes, and answers directly to the text in PDF and Kes files using stationary viewable text boxes. Great for filling in blanks & open answer questions.		Click on the icon and you will be able to create a box for typing. This box of print can be saved by clicking on the green checkmark, deleted by clicking the red X and spoken by clicking the speaker.
Highlighters	Users can highlight and extract text from document to summarize, categorize, and create study guides and outlines.		Use the buttons on this toolbar to highlight and collect sections of text. You can also highlight words to automatically create a vocabulary list with definitions and images.
Collect and Clear Highlights	Extract highlighted information. When finished, clear by highlighting over highlights and click broom icon.		Highlight information to be collected. Click on circular arrow icon to collect by color or position in document. All will open in a new Google doc or Pop-up Window.
Vocabulary List Builder	Builds vocabulary lists by highlighting words in a Google document.		Select words desired for a Vocabulary List by highlighting words with any of 4 colors. Click on this icon to create your List as a Google doc or Pop-up Window.
Settings	Set speech options, language settings, and preferences for how to collect highlights and creating vocabulary lists.		There are multiple voices and reading speeds to choose from, and multiple options for translation and toolbar languages.
Print *PDF only	Print PDF documents with the Typewriter Annotations and highlights made.		Clicking on the icon will bring up a dialogue box allowing you to customize the printing of your document.
