

Meet Your Teacher

Welcome to 2nd Grade! My name is Kelly Conrad and I will be your child's teacher for the 2022-2023 school year. I am entering my 15th year as an elementary educator and my 6th year here at Lake Shore! I am so excited to get this year started!

Teaching is my passion and my goal for the school year is to create meaningful experiences for your child and bring the curriculum to life. I work hard to establish a positive classroom environment that instills a love of learning in each child while building a respectful community of learners. Second Grade is an important year when students begin to transition from "learning to read" to "reading to learn" and an important year to build a solid foundation of math skills. There are many opportunities for growth and we will celebrate all the successes along the way!

Along with our curriculum, I like to incorporate learning about a Growth Mindset and Social Emotional Learning. This helps to promote a positive classroom community and allows students to learn more about the impact of emotions on their academic and social success.

Communication between home and school is very important and I welcome any opportunities to talk about your child! Please do not hesitate to contact me with any questions, concerns, joys or ideas that you may have for learning community! I look forward to a wonderful year!

Sincerely,

Mrs. Conrad

About your Teacher

My Favorite subject is reading.

My favorite color is purple!

2nd Grade is my favorite grade to teach!

Math is hard for me, so sometimes I have to ask for help!

I can't wait to learn about you!!!
