## HANDS FREE/CELL PHONE PLEDGE

In an effort to keep our students safe while driving, we require each student to sign the pledge below. This pertains to driving on and off campus and we feel that distracted driving is a major safety risk for drivers.

*I, \_\_\_\_\_ pledge to not use my cell  
(print first & last name)  
phone while driving. I pledge not to text, email or talk on my phone without  
a hands free device while I am driving my car. I understand distracted driving  
is dangerous to me and the others on the road. I pledge to pass this  
message along to those I care about.*
