

Important Information for Attendance and Remote Instructional Days:

Attendance Reminder:

Hybrid or Full Remote, the following applies:

1. When you are not in school, you must complete your work or you will be marked absent.
2. This is not homework. You should do the work on the days that you are not in school. This completed work will show evidence of learning.
3. Each building has a certified teacher that can help you with questions and support.

REMOTE

There are two types of remote days.

1. **Temporary Remote Instructional Day**
 - a. **What is a Temporary Remote Instructional Day?** - This is a day or multiple days where schools would be closed for students due to a confirmed COVID case in a building and students would be expected to report remotely.
2. **Full remote**
 - a. **Why would we be full remote? Red/Orange/Yellow Zone Planning/State Budget Crisis** - If we are closed down by the local, county or state government because we are in a red, orange or yellow zone or if we are closed due to a budget crisis caused by a large reduction in State Aid to the District, students would not report but would be expected to attend remotely all five days.

If you are contacted via Global Connect that we are closed (other than for snow), you will follow the following schedule.

1. If we are closed for a *Temporary Remote Instructional Day*, students will follow Monday's schedule. Any temporary remote instructional day is a Monday schedule no matter what day of the week.
2. If we are closed down to *Full Remote* by the local, county or state government because we are in a red, orange or yellow zone or if we are closed due to a budget crisis, students would not report but would be expected to attend remotely all five days.

For High School students: Students are to attend all five days.

High School: This is the period by period Schedule for Tuesday through Friday. The student school day begins at 9:00 am. Students will follow this schedule Tuesday through Friday and the remote Monday schedule below on Mondays.

HS 100% Remote Instruction for All Students
