Title VI Program News

Winter 2020

My Brother's/Sister's Keeper is Back!

Under the direction of Mr. Ronald Mount Pleasant, the My Brother's (Sister's) Keeper program is returning to Lake Shore Middle School. This year is even more exciting because girls are now able to join in on the fun and learning! In the past, the program focused on young men because the original funding source was the My Brother's Keeper grant from New York State. The funding for the program is now in conjunction with Title VI Federal

funds and we are so excited to bring all students together for the fun and educational experience.

The program focuses on STEAM (science, technology, engineering, arts, and math) and career readiness, with roots based in Haudenosaunee culture and ideas. The program is open to boys and girls in the Middle School and runs every Wednesday from 2:30-5:00. See Ms. John for more information or questions!

Students hearing about the MB/SK Program from Mr. Mt. Pleasant at the student meeting on February 11th, 2020.

Lake Shore Schools Title VI Program News

Message From Our Title VI Program

We are nearing the end of winter and looking forward to spring weather and activities. This edition of our newsletter highlights just a small portion of things that some of our AMAZING students are involved in. Parents, please continue to be involved in your child's education– it really makes a difference!

This year our Title VI Parent Committee noticed that there were not Seneca Nation flags in our school buildings. ACE Club president, Hailey Haynes, and our Parent Committee asked the Seneca Nation Council to donate a flag for each building in the district. The Council generously donated the flags and stands for each building! There will be a recognition ceremony at the March 17th, 7 PM, Board of Education Meeting, located in the Senior High Media Center. Please make every effort to attend this meeting to support our students and families. Nya:weh to the Council, parent committee, and Hailey Haynes!

Congratulations to Our Senior High School 2nd Quarter Scholars!

Honor Roll

Blayze Becker 9
Savanah Clear 12
Giana Corsaro 9
Angela Edmond 12
Riley Fleming 9
Rosetta George 12

Night of Champions with the Buffalo Bandits

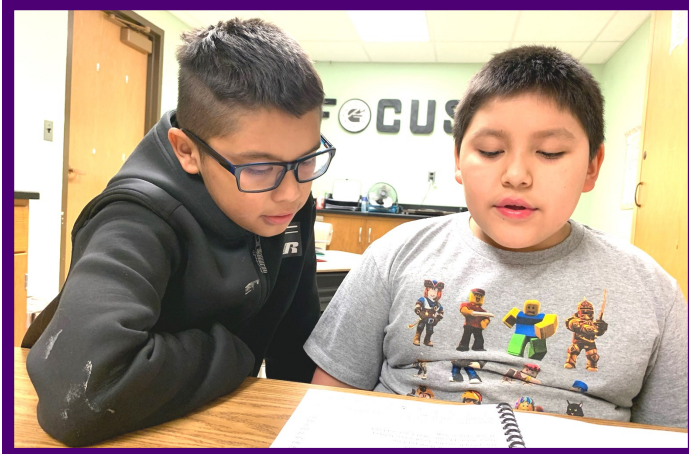

Lake Shore Students, Tyonih White, Canaan John, Caias John, and Damien Warrior represented Newtown Golden Eagles Minor Lacrosse Championship teams at Youth Night on January 31st. Great job, boys!

Kudos to Layla Seneca on her stellar performance in Mama Mia at Lake Shore Senior High!

Amazing Eagles!

Fifth grader Asa White, left, helps third grader Clayburn Gates, right, with his reading.

Every morning Asa meets with Clayburn for 10 minutes and they do reading fluency drills. Clayburn enjoys his time with 5th grade Asa while benefiting from positive peer mentoring and academic guidance.

As a reward for good behavior first graders Albert Thuman, left, and Lindy Jo Williams, right, play a game of checkers at the end of the day. Lindy Jo described good behavior: "You've got to do all of your work. We have to do our math. No fooling around. Do what the teacher says and be a good citizen!"

Tyla Thompson, 5th grade, is the art teacher's assistant, one of many school jobs students volunteer for during non-instructional time. Tyla has been diligently making scenery for the upcoming school musical, it is something she works on whenever she has free time and she takes it very seriously.

ACE Club Warms the Hearts of Elders

Students in ACE Club created valentine cards for the Elders Valentine's Day Luncheon at AOA. Over the years, ACE Club members have made various projects for the Senior Citizens at AOA. It makes students happy that they can create something that will brighten someone's day and the folks at AOA enjoy receiving something handmade.

Student Will Attend Close-Up Conference

CLOSE UP
WASHINGTON DC

This March, junior Angela Edmond will attend the Close Up conference in Washington DC. She will be representing Lake Shore Senior High School as well as the Seneca Nation. Angela, who was selected to attend based upon her grades and attendance, will have the opportunity to interact with tribal leaders, as well as state representatives. During workshops, lectures, and meetings with leaders, the students learn how they can use their government to make a difference.

SUNY Fredonia STEP Students to Attend Conference

The SUNY Fredonia STEP (Science, Technology, Entry Program), which is hosted at Lake Shore Senior High School is a science and math based program for students with an 85 average in science and math. This year, the program will participate in the New York State STEP conference from March 26-29, in Albany. Two Lake Shore seniors, Hailey Haynes, and Holly Weston, were selected to attend the conference this year as representatives of the program based on their grades, attendance, and interest in STEM fields. The conference is a very full weekend, and features a variety of workshops, a college fair, and plenty of fun!

Workforce Readiness Event at Senior High

On January 28th, Lake Shore hosted a Future Workforce Readiness event where students were able to mingle with Professionals in the Technology fields. Seneca Nation Media Specialist and video producer, Caleb Abrams, was a part of the many professionals who spoke to students on how technology shaped and influenced their career. Pictured is LS Senior, Eliese Maybee and Caleb Abrams.

Future Scientists at J.T. Waugh

On March 5th, J.T. Waugh Elementary hosted a science fair with the help of the Science Mentors Club from the Senior High School. Many students participated and had fun showing their projects to family and friends!

*****ATTENDANCE*****

Daily, on-time attendance is vital to academic and emotional success in school.

In the event that it is necessary for a student to miss school, please contact the school to let them know as soon as possible.

If it is a religious absence it is excused with a note from parent/guardian. Sending a note before the religious observance will assist teachers with helping the students upon their return.

Dates to Remember...

March 8– Daylight Savings Time
March 9– Title VI Parent Committee Meeting– 5 PM, SNI Library
March 10– JT Waugh Vocal Concert– 7 PM
